### Happiness, Suffering and the Love of God

In this series Fr. Robert Spitzer, S.J., Ph.D. explores happiness in the revealing light of human transcendence and immortality. Beginning with the commonly held principle that different forms of happiness correspond to different fundamental human desires, Fr. Spitzer guides viewers through four distinct but related levels of happiness (pleasure, achievement, contribution, transcendence), showing how only the highest level (transcendent happiness) will ultimately fulfill us.
